

# Billionaire God of War Novel Chapter 46 To 55

---

## Chapter 46 I Want to See You

Daniel is selling off his business in large quantities.

In particular, some businesses in the gray area are almost loss-making transactions, and Daniel did not hesitate. Even in some legitimate industries, Daniel also did not retain.

It seems that something difficult has happened and a large amount of capital is needed, which is anxious to cash out.

“Daniel is afraid, he is raising money and paying compensation to Black Dragon.”

“Are you afraid? The lunatic of Black Dragon, even if Daniel is now of good value, is also famous in the circle on the ground, but if he provokes Black Dragon, he is dead!”

” Fifty million dollar! Daniel is about to bMaxwelld this time. Whoever makes him blame someone is bad and provokes the madman.”

There are voices of discussion everywhere in the circle. Many people laughed at Daniel. I didn't expect it today.

Now he had to kneel down and beg the Black Dragon for forgiveness, which was too fast.

For a time, many people despised Daniel very much and looked down on him.

There were even other big names in the circle who took advantage of the fire and slashed prices to take away Daniel's business.

Daniel still has no counter-offer, as long as the price is about to sell, without frowning.

This hot potato is even more powerful than a time bomb. Daniel just wants to throw it away quickly, no matter who picks him up.

The news reached the hot spring club, and there was a trace of disdain flashed on Black Dragon's face.

He had long expected that this would be the case, so he calculated the cash that Daniel could take out, 50 million dollar, enough to break Daniel's legitimate business capital chain.

The only thing Daniel can do is to abandon his industry in the underground circle and completely lose his status in the underground circle!

"Dragon brother, this Daniel should have raised money. I don't know when he will come to apologize to him." The

men are waiting for this day, "Huh, when he comes, Long brother must abolish him. !"

"I will let him go because he lost money?" A

trace of cruelty flashed across the black dragon's grimace. "I not only want to abolish him, but also want him to lose everything!"

"How does it feel to fall from heaven to hell?" , Daniel will soon know."

Dare to abandon his brother, Daniel is destined to die!

Heilong won't let him die too easily, not tortured until he wants to commit suicide, how can he avenge his brother?

But, after a day, Daniel did not come.

Two days later, Daniel still did not come.

On the last day, Daniel still didn't come, and it seemed that he didn't pay attention to the words of the black dragon at all!

Everyone in the underground circles of the South Estopia was watching to see how the Black Dragon would retaliate against Daniel and how Daniel whispered to beg the Black Dragon for forgiveness.

But, Daniel didn't go to the hot spring club at all, he didn't take the threat of Black Dragon in his eyes at all!

Black Dragon's face is extremely ugly.

The time limit he gave is coming soon, but Daniel didn't mean to show up at all, let alone take 50 million to kneel and apologize to himself!

This is hitting his black dragon's face.

This is to say that he speaks like a fart, and there is no threat!

"Daniel!"

Heilong clenched his fists, his joints rattled, and he could see a burst of green tendons, all with a terrifying murderous air.

"Brother Long, someone came and said he would see you!"

Outside, the men ran quickly, respectfully.

Black Dragon looked up: "Who is it?"

As long as he is not Daniel, he doesn't want to see anyone at all.

Now he wants to see Daniel kneeling and confessing in front of himself!

"Person who scrapped your brother Black Tiger personally." At the

door, Andrew walked in with his hands behind his back.

## Chapter 47: Give You a Chance, Don't Cherish

Andrew is like walking in the back garden of his home, calmly, without any slight tension in his face.

He stepped inside, and the black dragon stood up at once!

"You are the one who has abandoned my younger brother?"

Those eyes instantly condensed terrifying murderousness!

Uh!

Uh!

Uh!

The door behind him closed, and the people in the whole hot spring club immediately surrounded the room of Black Dragon.

“Quick!”

“Quick!”

A group of people, black pressure on each piece, all faces are fierce.

They did not expect that those who had abandoned the Black Tiger would dare to come to the hot spring club alone to find death!

“Yes, it’s me.”

Andrew said lightly. “You don’t teach your brother well, so I have to educate you.”

He walked to a chair, sat down with his own eyes, and looked back. Ten people had blocked the door, staring at each of them coldly.

Heilong’s face was fierce, as if looking at a fool.

“Daniel sent you to death?”

It was this possibility that he could think of.

Daniel knew that he was annoying himself, so he dared not come, so he let his men die for him?

dream!

Andrew shook his head: “I’m here to look for you.”

He glanced at Heilong. “I want to give you a chance.”

“Give me a chance? Hahahaha!”

Heilong seemed to hear the most ridiculous thing in this world. Joke, a man who is dying, come and tell myself, give yourself a chance?

Does he still need someone to give himself a chance?

“Then you talk about, what chance do you give me?”

Heilong stepped forward, step by step toward Andrew, all the murderous sky, his fists were pinched, his joints clicked, as if there was a violent power, which could not be suppressed!

“A life chance.”

Andrew was still sitting there, looking up slightly, watching the black dragon coming.

“Hahahaha, give me a chance to live? Then you have to look at me first, and give you no chance to live!” The

voice just fell, and the speed of the black dragon suddenly accelerated!

One fist was violently extreme and smashed directly into Andrew's head!

He didn't know how many people's heads were broken by his iron fist. Today's Andrew is also going to die under his own fist.

Abolished his brother Black Tiger, this is the end!

“Dead!”

Heilong shouted, almost using all his strength. He wanted to see Andrew's head blossom!

“Bang!” But

, Andrew was still sitting there, only to reach out a hand, and instantly grabbed the black dragon's fist.

Suddenly, the Black Dragon's pupils shrank violently!

Those bastards standing around were also shaking.

Did Andrew catch the punch?

That's a black dragon!

He once claimed the fist of the first ruthless man in the South Estopia, so he caught it?

"It seems that you don't want this opportunity?"

Andrew's complexion was still calm, calmly letting the Black Dragon's heart suddenly rise with anxiety and fear.

No one can catch his fist...

"You..."

"Slap!"

Andrew kicked out, and the Black Dragon had already felt it. He immediately raised his leg to stop it, but it was too late.

too fast!

With a thump, Andrew kicked on Heilong's knee, and with a click, Heilong screamed and immediately knelt on the ground, kneeling directly in front of Andrew!

He is a fist, still caught by Andrew, can't break free!

It's quiet now.

The whole box became quiet in an instant!

Needle drop is audible!

Black Dragon kneeled?

Black Tiger only knelt down not long ago, and his legs were scrapped. Heilong just released cruel words to scrap Daniel, but now, he kneels in front of someone he has never seen before?

"Ah-!"

Heilong's face was fierce and his face could not shake, he didn't expect that he even knelt down.

"You're looking for death!"

He growled and couldn't break free with one hand, so he used his other hand to hit Andrew.

"Bang!" It

was another kick, this time kicked in the black dragon's chest.

With a muffled sound, the black dragon fell straight down without knowing how many broken bones.

The atmosphere of the whole box is even more tense.

"Give you a chance, don't you cherish it."

Andrew got up. "You have so many lives on your hands, you can live to the present and you have earned it."

He wanted to give the Black Dragon a chance to confess himself. This guy is also impossible to accept.

The black dragon fell to the ground and stared at Andrew: "You, who are you!"

## Chapter 48

Andrew walked over and stepped on it!

"Crack!"

"

Ah- " Black Dragon screamed, his hands stomped!

"I'm a cleaner."

Andrew said lightly. "Specially clean up garbage like yours."

“Ka!

It’s two feet, and the black dragon’s legs are also scrapped. The

surrounding bastards are creepy!

What is Andrew?” Man, how could it be so terrible?

He did not talk about the Black Tiger, and now the Black Dragon is also abolished?  
Even his face was calm from beginning to end, without even blinking his eyes!

“Ah! “

Black Dragon twitched,” Kill me! You killed me! “

You are not qualified to die in my hands.” “

Andrew turned around.” After you abolish, hate your enemy, they will find you. “

After finishing talking, Andrew looked at the bastards standing at the door, still holding sticks in his hand, with a look, black pressing against a group of people, they were all terrified. It

seemed that instead of encircling Andrew, Andrew alone surrounded them. All!

Uh!

Uh!

Uh!

Who dare to stop, one after another make a way, standing far away, one by one pale pale, even the throat is dry! It

is terrifying!

The black dragon, known as the first ruthless man, In front of Andrew, there was no power to parry. He said that he knelt and knelt, and he was beaten to the ground in less than half a minute. What a terrible monster is this?

Heilong is still screaming on the ground, but he can't move, he knows he is over, he has so many enemies, he just wants to come to the door, he is definitely better than death!

But now, he can't even commit suicide.

Andrew ignored it and walked straight away, walked to the door, and suddenly stopped, so that a group of people shivered, and the station was almost unstable.

He turned his head and glanced at it, like a sharp blade, which made people dare not look straight!

"Be a good person and live longer."

After that, his figure disappeared, and the horror pressure disappeared instantly.

Soon, everyone was forgiven, wherever the crippled Black Dragon was left, and one by one lost their sticks and fMaxwelled, fearing that Andrew would return.

Even if they are not good people, they will never dare to do evil in the South Estopia!

Overnight, the hot spring club collapsed and closed.

At that time.

Daniel is in a meeting, a meeting in the underground circle.

Several big brothers sat in a circle, all looked at Daniel meaningfully.

"Look down, it's no big deal. Everyone is in a circle. Black Dragon won't kill you at least."

"Abandon his brother, dare to do it because of you, who is that madman, don't you know?"

"You sell so many industries, and let us get a lot of benefits, we naturally help you

to express some human feelings." One by one persuading Daniel to bow his head, kneel down and apologize to Black Dragon.

Daniel bowed his head, they can get more!

However, Daniel sat there, and looked indifferent from beginning to end.

He lit a cigarette, exhaled smoke, and squinted at the crowd.

“A worm just scared you like this?”

A worm?

Several big brothers looked at Daniel, wondering if this guy was scared or stupid, or broke the jar?

He dare to say that the black dragon is a worm!

This sentence alone, with the temper of Black Dragon, will endlessly endure with Daniel.

“Daniel, there is still room for relaxation. You don’t need to break the jar.”

A big man said, “Come out of sincerity, everyone can help you.”

“Yes, all people in a circle, no If you live or die, what time is it now?”

Another said.

Daniel glanced around and looked at these people, clearly seeing the greed on their faces.

Where do they want to help themselves, one by one, can’t wait to erode all their own industries.

“I said, are you deaf, or silly?”

Daniel said again, “A worm, I am someone who has never been in my eyes.”

This sentence made everyone Both frowned.

Daniel is crazy!

“If you call me just to talk about the bug, then stop talking. I am busy and I have no time to waste time with you here.”

## Chapter 49 Shock!

Daniel got up and looked at them with a sneer. "If the courage is small, I will go out to meet the world more.

I will stay in the South Estopia, and I will be stupid." After that, he went out.

A big guy wanted to stand up and shouted at him, and was shouted by others.

"What!"

"Dare to talk to us like this?"

"If we hadn't collected his industries, could he raise money to apologize to Heilong?"

They received these industries at the lowest price, and thought they gave Daniel how big. Grace, everyone knows clearly, they just took advantage of the fire.

"Forget it, someone who is going to die sooner or later, he is

arrogant and abandoning himself." "Provoked the madman like Heilong, Daniel will have to peel off without dying!"

"I heard that Heilong has followed him in the provincial capital? "

Several big brothers looked at each other, and they were a little worried.

Once a lunatic who claimed to be the first ruthless black dragon, everyone didn't pay much attention to it, but now that the black dragon is following that one, the situation is completely different.

None of them is willing to offend the Black Dragon.

Therefore, Daniel abolished the Black Tiger, and the Black Dragon would never let him go. Taking advantage of the fire and taking away those industries under Daniel, they couldn't wait any longer.

"Boss!" At the

door, one of the big men's men came in, the expression on his face very serious.

“What’s the matter?”

The big brother frowned. So many big guys were here, and his men were a little ignorant.

“Something happened.” The

man said, “The hot spring club is closed.”

“What?”

The big man still had cigarettes in his mouth. At the moment, he was shocked, the ashes fell, and he burned all his clothes!

“The black dragon disappeared. Some people said that seeing his Qiu family came and dragged him away like a dead dog. The whole hot spring club was chaotic and closed down!” The

meeting room suddenly fell silent.

No one speaks.

Looking at the people around them one by one, hoping to see some information from their faces, but everyone has an incredible expression on their faces.

Overnight, the hot spring club closed down?

The black dragon also fell down?

He came back to the South Estopia in less than three days!

“What happened to the Black Dragon?” the

big brother couldn’t help asking.

“I don’t know, but it is said that all limbs were interrupted and became a waste person.”

Hiss...I

don’t know who it was, took a breath, and felt a cold in the back.

This first ruthless man, was abandoned?

The two brothers, Black Dragon and Black Tiger, have been abandoned!

“Daniel!”

Several people looked at each other, and suddenly remembered, just what Daniel said, a bug, he didn't even look at it!

How dare he be so crazy?

This matter must be related to him.

“Unexpectedly, Daniel has such a powerful master, it seems that we underestimate him.”

One snorted, “But why did he sell all the properties? Would rather sell at a loss, really not to apologize to raise money for Black Dragon. ?” The

black dragons have all been scrapped. What else do they do to raise money?

A group of people fell into silence. Suddenly, Qiu Family, who suspected that it was Black Dragon, came to the door. Suddenly, it was suspected that Daniel did it, but it was impossible to explain that Daniel sold his gray industry.

At that time, Daniel also got the news in a Bentley car.

Even though he had known for a long time, he still pumped his heart.

It's so fierce!

Andrew is so fierce!

No one can stop the power of one punch.

He took a deep breath and became more determined in his heart. He must follow Andrew closely, even if he is dead, he must never be an enemy of Andrew, because it will definitely be worse than death!

“Notify all management personnel of the company to come to me for a meeting!”

Daniel immediately said, "No one should be absent."

Andrew's task for him was to make him transfer his serious company to Emma as soon as possible.

In other words, all the industries he worked hard for five years have been handed over to Emma unconditionally.

Originally, Daniel was a little bit reluctant. After all, it was his thing, but now, he is very clear that it is not his thing. Since five years ago, Jackson picked him. All this was given by Andrew!

## Chapter 50 Expulsion!

Andrew prepared for Emma, but he only helped him.

Moreover, Andrew needs to play his talents in other aspects, and he can get more in the future!

This is a gamble, and Daniel just hesitated for a moment, and immediately made a decision.

Andrew's strength is there, unfathomable. All he has to do is obey all Andrew's orders.

...

At that time.

Stuart is making preparations.

The construction of the plant in the suburbs is extremely fast, and it is almost ready for delivery.

Once the equipment is assembled, it is ready for operation.

Before that, he will drive Emma out of Matthew's house and take this workshop into his hands!

"Oliver?"

he asked.

“The young master played with some friends from the provincial capital.”

Stuart frowned, but said nothing . The young guys from the provincial capital were first-rate in eating, drinking, and playing. Oliver made such friends. The forces behind it are somewhat beneficial.

“Black Tiger, this useless thing, took me 5 million, and nothing was done.”

Stuart was annoyed . ” Are there no news yet?”

“Homeowner, the black tiger heard that he was beaten by Daniel.” Cheng became crippled.” The

secretary whispered, “And, I just saw the news, the hot spring club closed down, and the whereabouts of the black tiger are unknown.”

“What?”

Stuart’s face changed, even more annoyed.

Five million white thrown away!

Is this black tiger running away with money?

These people in the underground circle are really unreliable, and they are completely waste.

“Well, since they are unreliable, then I will come by myself!”

He got up and looked at the secretary. “Notify all the company’s executives and convene the board of directors. I will expel Emma!”

Suburban, factory site.

The main building has been completed. I have to say that there are more than 60 or 70 workers to help, and the efficiency has improved a lot.

It was a month faster than Emma expected.

Looking at the factory building under renovation and carrying out the final steps, Emma breathed out a long breath, and a sense of accomplishment came to mind.

“This is the first time a job has been completed so smoothly.”

She couldn't help it.

“Yes, it seems that many people bullied you before.”

Andrew smiled and looked at her. “Write back their names on the wall, and I will avenge you one by one.”

Emma really gave Andrew a glance, this guy , There is no seriousness.

“When the equipment is assembled, you can start production. I must work hard to prove myself!”

She shook her fist.

If you can do well, you may be able to make more money yourself, and pay back the Andrew flowers earlier, otherwise, she may be able to agree with her.

“Ring Ring Ring...”

Emma really rang the phone.

She picked it up and saw it from the company's personnel department.

“Emma, the company convened the board of directors, please rush to the company to participate before ten o'clock.”

Just a notice, even if the phone was hung up.

Emma was stunned, what did the board ask her for?

She is not a company executive or a member of the board of directors, where she is eligible to participate.

Andrew narrowed his eyes and knew what was going on.

This Stuart not only wants to drive Emma out of the Matthew Family, but also to humiliate her in public. Since you put your face over, don't blame me for being rude.

“What do you want? Since you’re asked to go to the meeting, go.”

Andrew opened the door. “Come on, I’ll go with you.”

Emma really didn’t want to go. This level of meeting has nothing to do with her. She Go, I am afraid to be ashamed.

But think about it, if she doesn’t go, Uncle Stuart might have a lot to say, maybe she will speak bad things about her family in front of Matthew.

The BMW turned around, left the site and headed for the Matthew Group.

at the Cynthiae time.

Stuart sat in the top position in the Matthew’s conference room. Several board members and company executives have arrived.

“This Emma is really big, so that we have so many people waiting for her.” The

executive of the personnel department snorted, dissatisfied, “I have informed her that she was late for the meeting at nine o’clock.”

She and Emma The point is clearly ten, but who knows?

## Chapter 51 Public Shame!

“Huh, she must think that she is the backbone of the company’s business, so it’s normal to be a bit of a

racket .” “No, not to mention that she still has a close relationship with that Daniel, please be careful, otherwise she will lose her job. , I don’t think you have any place to cry!”

Several executives now resent Emma very much.

Especially the former executive, who satirized Emma directly, was directly kicked out of the company.

“Okay.”

Stuart frowned and stretched his hand in vain pressure. "This Emma, let alone you, I can't even offend."

"Who let her take charge of the company's most important project now."

Stuart snorted and glanced. A lap, "So, I asked the old man to report the situation. The old man was furious and immediately made a decision. Today, this decision is announced!"

Several senior executives heard it and suddenly got a spirit.

They had long heard that Matthew was very dissatisfied with Emma's family. It was already a blessing to let Emma stay in Matthew's family and gave them a chance.

But Emma has repeatedly disappointed the old man, it seems that she is going to leave!

"Mr. Stuart, Emma is really here."

Outside the door, the secretary pushed open the door. "Do you want her to come in?"

"Let her come in!"

Stuart said loudly.

The door opened, Emma walked in, and Andrew followed.

The eyes of a group of people all fell on Emma.

"Nobody, don't enter the conference room."

Stuart frowned.

He really hates the neurosis of Andrew.

I slapped Oliver and didn't say anything, but let them father and son both bow their heads and plead with Logan's family. This account, he has not counted with Andrew!

"Well, that rain is real, let's go."

Andrew laughed and pulled Emma to turn around and leave.

Since it doesn't matter that people who don't matter come in, Emma really has nothing to do with this company.

Upon hearing this, Stuart Matthew strongly suppressed the anger in his heart. This Andrew was really annoying!

He wants to expel Emma today, and even humiliates her in front of everyone. How can he let Emma go directly?

"Humph, sit down!"

Stuart said.

Andrew pulled the chair, let Emma sit down, turned his head to see that there were no more chairs in the meeting room, he directly picked up an executive with one hand.

"You, stand and listen."

After that, he sat down.

Suddenly, everyone glared at Andrew!

It's too arrogant!

A little door-to-door son-in-law is so rampant that he really belongs to the Matthew Family?

"You!"

The senior executive was annoyed and stretched his finger to Andrew to have an attack, but Andrew just grabbed his finger and took a firm effort, and suddenly the executive's face became bruised and almost painful. !

"Is there any problem?"

"No, no! No!"

Andrew let go of his hand and looked at Stuart with a pale face: "If you have any words, hurry up and say, our house is really busy with Emma."

Stuart took a deep breath. Tone, he really had the urge to strangle Andrew directly.

But today the protagonist is not Andrew. He cannot commit to disrupt his plan because of Andrew, forcing his anger, Stuart turned his head and stared at Emma.

“Emma, I will inform you today that something has been announced to you.”

Emma really didn't speak. She felt it as soon as she came in. The atmosphere in the whole conference room was wrong. Everyone's eyes were aimed at themselves.

“In the past few years, you have performed well in the company. You have worked hard and diligently. I and the chairman have always looked at it,”

Stuart was majestic. “So, we are responsible for the company's most important projects. “When I

heard it, it seemed like praise, and Andrew shook his head disdainfully.”

“However, you disappointed me too much, and disappointed grandpa too!”

Stuart's tone changed suddenly, and even patted the table angrily.

“You are in charge of the whole project by yourself, you are full of money, and you are making a lot of money, and you have leaked the important secrets of my Matthew Family to the outside. Do you know that this is a crime of duty!”

Stuart roared, “Now, you are a partner Daniel, want to take Matthew's industry as your own. Do you still have the Matthew Family, company, and board of directors in your eyes!”

## Chapter 52

Emma's face was so pale, she didn't expect Stuart to be so shameless, in front of so many people, splashing dirty water on herself.

When did she do such a thing?

Insulting herself in public like this, how can she stay in Donghae in the future? This is to break all your own roads and drive yourself out of the South Estopia!

“Mr. Stuart...”

She hurried to explain.

“You don’t need to explain!”

Stuart sneered. “Who doesn’t know, you just bought a BMW, nearly half a million dollar? How much is your salary, I don’t know?”

“A few days ago, you went to the mall once. I bought hundreds of thousands of clothes for sex. Do you have so much money? Why did you get this money? Go tell the police!”

“Emma, Emma, you are greedy, but you are too greedy!”

Stuart roared. , “I announced that Matthew’s Group is now expelling you and calling the police to hand you over to the judiciary!”

Stuartyi announced that several executives nodded immediately.

“I agree!”

“I agree!”

“Call the police immediately and hand it over to the judiciary!”

.....

They had little hesitation, and Emma’s embezzled amount was enough for her to stay in it for more than ten years.

Buying a BMW car and buying hundreds of thousands of clothes, how can Emma’s salary be able to!

Greedy!

Emma really you are too greedy, really thought that he has something to do with Daniel, then no one can help you?

Several executives looked at Emma’s eyes, all with gloating, this kind of thing that fell into the rock, it was really cool to do!

In particular, they were even more refreshed when they saw that Emma was really pale and didn’t know where to go for quibbling.

It makes you feel that you are high above you, and now you hit the ground hard, do you know it hurts?

Throughout the conference room, everyone's eyes were fixed on Emma, wanting to see her collapse, seeing her fear, seeing her head begging for mercy and pleading with everyone.

However, Emma really just bit his lip without saying a word.

Her eyes were reddish, and she was really disappointed to Stuart and Lin.

Emma really didn't explain, and she didn't need to explain things she didn't do.

"Pappapp!"

Suddenly, Andrew clapped with an appreciative expression, "Wonderful! What a wonderful!"

He took out his mobile phone: "Mr. Stuart, I just recorded the ones you just said, you This is really wonderful."

"Well, Andrew, don't talk nonsense, these are facts, you don't need to edit it at all!"

Stuart sneered, waiting for Emma to stay in the South Estopia, and rolled out of Fingol City, Andrew They will only be kicked out and become homeless again.

"Emma's real salary income, the company has a clear record, how much money she has, don't we know?"

"Her family is the only one working in her family, and her life is very tight. It is good to eat meat and buy it. Car? Why not buy a house!"

Several executives sneered and sarcastically, no matter how polite.

Andrew ignored them and took something out of his pocket, Stuart suddenly became alert.

This neuropathy will not bring a knife in, right?

He immediately said nervously: "What do you want to do? If you dare to mess up, you're done! Security? Call security!"

Andrew glanced at Stuart, took out the consumption record from his pocket and left it on the table.

“I’m sorry, I bought the car and clothes, and everything else.”

He glanced at Stuart. “Isn’t it more than one million pocket money, are you so excited? My wife just spent 100 million. That’s pocket money, don’t you agree?”

“Impossible!”

Stuart seemed to hear a big joke.

A tramp in Andrew, if Oliver had not selected him, he is still begging for food on the street.

Is he rich?

Also bought Emma directly for BMW and hundreds of thousands of clothes?

Andrew dared to tell such a joke, is he a neuropathy?

“Slap!”

Andrew slapped the consumption records on the table: “Open your dog’s eyes and see clearly. If necessary, I can ask the president of the South Estopia Bank to come over and let him tell you whether the money is related to your Matthew’s relationship.”

## Does Chapter 53 have anything to do with you?

Stuart froze.

Several executives were also stunned. One of the close executives glanced at the letter suspiciously. All the consumer bills recorded were Andrew’s name!

how can that be?

He is a door-to-door son-in-law, sent under the fence, it is good to have a meal, how could there be so much money.

“It must be Emma who really transferred the money to you and bought it in your name!”

the executive couldn't help shouting.

“Slap!”

Andrew raised his hand with a slap. “Are you an idiot! Or do you think everyone is an idiot?”

This kind of thing will be known after an investigation. Which idiot would do such a thing.

“You...”

The executive covered his face and was so ashamed that Andrew dared to beat him.

“Mr. Stuart, I said. I just recorded what you just said. Next, we will ask a lawyer to sue you for defamation. Let's see you in court.”

Stuart said, his face was ugly. Unexpectedly, things will become like this.

He did not have any evidence for these things, but just listened to Oliver.

He knows Emma's family too well. They couldn't possibly have so much money. The only explanation is that Daniel bribed her, or that she embezzled it from the company.

Where is evidence required?

But now, Andrew has provided evidence that the money is from Andrew. How is this possible?

He couldn't believe that a tramp in Andrew would have so much money.

Suddenly, his face was pale. Andrew gave Daniel half a bun and saved Daniel's life. Could it be that Daniel repaid Andrew for the money?

Thinking of this, his face was even more ugly. He could not blame Emma for his own misfortune. Instead, they should be brought to court by Andrew.

“Emma, the money is really Andrew's?”

Stuart couldn't help but asked with his teeth clenched.

"Yes."

Emma sneered.

These were originally bought by Andrew. "Mr. Stuart, I didn't move the corruption. Are you particularly disappointed?"

Her words seemed like a slap in the face of Stuart.

Stuart suddenly blushed.

"Well, it doesn't matter whether it's your money or the money of Andrew, a homeless

man!" he yelled. "You have betrayed company secrets. Mr Stuart has been unable to trust you anymore. The chairman gave an order to Fire you, starting today, all Matthew's projects have nothing to do with you!"

This is to forcefully deprive Emma of the project.

"Mr. Stuart, you are wrong again."

Before Emma spoke, Andrew continued, "Today Emma is coming to resign."

"It's not that you expelled Emma, but we don't look down on you like Lin. "Small company."

Andrew glanced at a few executives and said lightly, "Seriously, my wife is such an excellent person, working with a group of stupid people in your company is really overkill."

"Andrew, you are arrogant!"

"It's you who is presumptuous."

Andrew is not polite. "As for Emma's project, does it have anything to do with your Lin?"

Stuart laughed angrily: "That's the property of my Matthew Family!"

“Is it?”

Andrew smiled, “Is it written in the contract?”

Stuart sank into his heart, and immediately asked the Legal Department to bring the contract, which clearly stated that Party A was Daniel’s company and Party B was Emma. Several of the clauses clearly indicated that the project is related to Only Emma has nothing to do with Matthew.

The land used for the project was found by Emma. The cooperating people were also found by Emma. From beginning to end, everything was done by Emma. All traces were only related to Emma.

“This... what the hell is going on?”

Stuart was going crazy, how did the contract become like this.

The executives of the Legal Department are also pale, and how the contract looks like this, as she has seen before, it seems that this is not the case.

This contract was replaced! impossible!

“We rain real things, you actually want to take advantage of it,”

Andrew shook his head, shook his head disdainfully, “Mr. Stuart, you are very greedy.”

## Chapter 54

Stuart almost vomited blood!

Something from his Matthew Family was taken away, and now he is said to be greedy?

The Matthew Family has invested a lot of resources in this project in order to develop a larger market and bring the Matthew Family to a higher level.

But now, suddenly it became Emma’s real thing!

This is true of all contracts, all materials, and displayed results.

Do they all grow up eating shit?

Stuart's hands were shaking, and the executives of the legal department were all shaking, his face pale to the extreme.

"Mr. Stuart, it's not me, I didn't do it. I didn't have any trouble watching it before, no problem!"

She shivered. "These contracts must have been changed."

Stuart did not speak, Andrew dare In this way, he must have done everything, and he has lost in this round.

He stared at Emma and took a deep breath: "Emma, I didn't expect, I really underestimated you."

Emma didn't say anything .

She didn't even know all this, maybe she couldn't accept the result before, but now, looking at Stuart's anger and anger, she suddenly felt very happy.

"For this, have you been preparing for many years?"

Stuart taunted, "You think, taking this project, my Matthew Family will be hurt? You can retaliate us?"

Emma still did not speak, she did not know What to say.

"I tell you! No way!"

Stuart patted the table angrily. "You will regret it! You will regret it!"

Andrew blocked Emma and said lightly: "The regret is definitely not us. You bullied Emma at first. We will all get it back one by one."

He took Emma's real hand and turned to leave.

Going to the door of the meeting room, he turned back and said: "Yes, in addition to coming over to resign today, I also want to invite President Matthew. Our Matthew Group will be established tomorrow. We can come over and have a look."

After that, Andrew took Emma go away.

The atmosphere of the meeting room is so gloomy!

Stuart's face was black and blue, and the green muscles around his neck could be clearly seen.

Their Matthew's is about to be established?

They even wanted to set up a new Lin!

This is provoking! This is humiliating them!

Andrew even invited himself to participate in the establishment of their Matthew Family? Stuart's teeth are almost going to be crushed, he has never been so embarrassing.

In front of so many executives and in front of so many sensible people, they were humiliated by Andrew and Emma, and even Lin's most important project was directly robbed by Emma!

"Mr. Stuart, it's illegal for them to make such a big deal, shall we call the police?"

Senior officials of the Legal Department said cautiously.

Stuart raised his head violently, and the expression on that face seemed to eat people!

"Bang!"

He grabbed the glass on the table and fell hard on the ground.

"Waste! You're all fu\*king waste! What's the use of my Matthew Family to raise you?"

Stuart vented his anger and scolded, and the entire conference room was his swearing.

And Andrew took Emma down the stairs.

"For the first time, I felt that the air outside was so fresh."

Emma took a deep breath and her eyes were still red. "Andrew, thank you."

If it weren't for Andrew, today she would be swept away by Stuart in the most shameful way.

Not only might she face the jail of imprisonment, the family continued to stay in Fingol City without a face, Stuart was so cruel, he did not care about the so-called affection at all.

That's right, where is there any affection between them?

Starting today, their family has nothing to do with Lin.

So taking this project away, Emma really has no trace of guilt in his heart, which is what our family deserves.

"Thank you?"

Andrew said with a smile. "I said, no one can bully my wife."

"You just said, we are going to set up Lin, is it intentionally angry Stuart?"

Emma asked.

"No, I'm serious."

Andrew said, "Tomorrow, I will have a Feng Shui master to set the date. This is my first gift to you."

## Chapter 55 The New Lin

Emma was so startled that Andrew was not kidding?

She knows that Andrew is very rich. It is not a big problem to start a company, but it is too surprising.

What's more, she can afford so much money!

Emma still didn't believe it. Andrew must be joking with himself. Even if he got the project in his hand, it was not enough to set up a company.

Andrew did not say much, driving Emma really home.

cynthia was cooking, and as soon as he entered the room, Andrew could smell the sweet and sour pork ribs.

He said casually in the morning, wanting to eat sweet and sour pork ribs, cynthia did it at noon, our mother is really good to himself!

“Ready to eat!”

cynthia walked out of the kitchen with the dishes and glanced at the room. “Emma, go call your dad, and I don’t seem tired from reading the information recently.”

Emma walked into the room and Logan sat In the wheelchair, there were some business materials in front of him, all of which were left from his previous work. He looked at these and slowly recovered his feelings.

“Dad.”

Emma really shouted.

Logan turned his head and said with a smile: “What’s wrong, it seems that you have something in mind.”

“Our family, starting today, has nothing to do withMatthew’s.”

Emma really didn’t want to say what happened in the company, otherwise Logan would definitely It would make no sense to go to Stuart Theory angrily.

Hearing Emma’s true words, Logan seemed to have expected it. There was no surprised expression, but he nodded gently: “Well, our home, our home, has nothing to do with that Matthew Family.”

“Let’s eat.”

Emma Push Logan out.

On the dinner table, Andrew has already pretended to be eating himself and eating without any rules.

Emma didn’t get so angry that he glanced at him: “My parents haven’t come to the table yet!”

“It doesn’t matter, Andrew was tired all morning, let him eat first.”

Logan said with a smile.

"It's my father and my mother who love me," Andrew smiled deliberately at Emma. "You don't want to be jealous of me."

Emma really snorted. She was really jealous.

How long did Andrew come to the house, and as a son-in-law at home, Cynthia hated him, and Logan resented him, but in less than a month, they all seemed to have become relatives of the family.

I have no treatment for my daughter.

"Dad, tell you something,"

Andrew turned to look at Logan. "Tomorrow, our new Matthew Group was established. You are the chairman and Emma is the general manager."

"What? The new Lin?"

Linwen Gang picked up the chopsticks, almost fell to the ground.

The new Lin?

He quickly turned his head to look at Emma. Emma really nodded. Andrew did not discuss things with her. He just notified her of the result.

"So, you father and daughter, you have to work hard,"

Andrew said earnestly. "If the new Lins can get up, it's up to you, you have to prove yourself."

Logan took a deep breath and his eyes suddenly turned red, proving Yourself? He wanted a chance in his life to prove himself.

Now, Andrew puts the opportunity in front of himself!

He was so excited that he didn't know what to say.

"Of course,"

Andrew saw that Cynthia came out, and quickly flattered, "Our family, still under the leadership of Ma, work together!"

“Eat your spare ribs!”

Emma really gave Andrew a hard look, and caught a piece of ribs in his bowl.

Why does this guy have such a sweet mouth, coaxing people, one by one.

Andrew didn't care, anyway, our mother would be happy if she heard it.

It's fun to have a family meal

Logan was still a little excited and didn't know what to say. After eating, he went back to the house and continued to review his homework.

While Emma really helped Cynthia do the dishes, Andrew sat on the sofa and watched TV.

“Emma, Andrew, this kid is pretty good.”

Cynthia said while washing the dishes.

Emma really turned his head: “Mom, don't be fooled by him, how long this is!”
